

**Decision 2014-04 of 25 July 2014 against AQOBA EP (dropping of disciplinary proceedings)**

On 25 July 2014, the Committee noted that in a letter dated 4 June 2014, the Chairman of the ACPR had informed the Committee that the College had decided to drop the disciplinary proceeding brought against AQOBA EP.

This was the second time the Committee was to have ruled after proceedings were dropped by the College. It also judged that the publication of this decision was unlikely to cause disproportionate harm to the institution or seriously disrupt financial markets.
